

Fiber Optic Kevlar Cutter 404868

A pair of Fiber Optic Kevlar Cutter scissors with black and green handles and a serrated stainless steel blade.

Fiber Optic Kevlar Cutter

- Stainless steel blade, sharp and durable
- Used to cut the Kevlar strength members in the fiber pigtail
- Dual color handles, non-slip, easy to operate
- Lightweight and practical
- Serrated blade, which effectively eliminates the sliding of Kevlar strength members
